

U10s AGM Summary

Firstly many thanks to Nick, the parents, helpers and those who have supported the U10s this season, thanks to The Revel College for the use of the best pitch in the league and to Brinklow Football Club, committee and members for making it possible.

After a slow start for more reasons than one, the boys then recorded a 23 game winning streak to seal the John Bryan Coventry Minor "A" league title, and winning the league cup sealed a memorable double. To add to that they recently won the Beaumont Town 9v9 tournament, a first for our club in that format.

We sometimes forget that they are only 9/10 year olds by the way they play the game, myself and Nick have nothing but praise and admiration for them, the way they conduct themselves is a huge credit to themselves, to their parents and to Brinklow Football Club. Their attitude and work ethic in training has been outstanding all season.

This coming Saturday they will represent the John Bryan Minor League, the Coventry area and of course Brinklow Football Club in the ACES National tournament held in Leicester and again I have no doubts that they will do all mentioned proud whatever the outcome. We hope that the Yellow n Blue Army will come and support!

To conclude, A special season, by a special talented group of little footballers.
