CHARTER STANDARD

Dear Michael

FA Charter Standard– Successful Health Check Season 2010/11

Congratulations on **Brinklow Juniors F.C.** completing the 2010/11 Health Check for **The FA Charter Standard Development Club status**. I appreciate this may have been difficult and understand the work and commitment required by yourself and other club members to retain the accreditation, but now complete it will be easier for future seasons.

One of the main purposes of the Health Check is to provide clubs with information on their voluntary workforce and I hope you will find the information of use allowing you to track the validity of their qualifications for future seasons.

By retaining the accreditation your club has demonstrated that it is committed to raising standards throughout grassroots football and for doing so please find enclosed:

- One £50 equipment vouchers from Umbro – **please note the EXPIRY date**
- FA Promotional CD Rom containing The FA logo for your club to promote itself
- 2010/11 Annual Health Check certificate

In addition we are offering the first 3000 coaches from clubs who have completed the health check the opportunity to apply to the FA Coach Licence Pilot Scheme (2010/11) for free. If a coach fulfills the prerequisites (coaching qualification, an in date FA Safeguarding Children, an in date Emergency First Aid qualification, and an FA CRB check all recorded on their FAN) LA Learning will contact them directly on how they access the On-line application and the associated benefits.

The Football Association is truly grateful for your commitment to raising the standards of grassroots football throughout the country.

Yours sincerely

Mick Baikie
National Club Services Manager
