A Message from The Chairman

Dear all

Following the committee meeting last night, we voted that it is the clubs intention to enter at least one junior team into the Midland Junior Premier League, Timing of entry to be agreed, but could either be for the start of next season or the following season.

At the moment I am asking for two things:-

If there is any managers interested in entering the MJPL, I am aware that a few teams have players already playing in this league, and I know of at least one of our managers is involved in a team already playing in this league, please let me know if you think it would work for you.

Plus I am looking for a couple of volunteers who would assist me with looking in to what is required for a club to enter, league responsibilities cost etc with a view to being the project team for when we enter our first side into this league

For information, The Midland Junior Premier League is a regional based league, loosely called the midlands, Generally a higher standard than the Coventry Minor league Played on a Saturday morning with stricter rules, almost academy type

Rightly or wrongly, this league has been around for a period and quite a few of our current young senior players and youth team players have or are still playing in this league. Clubs of a similar size to us, Leamington , Sphinx, Rugby Town, Stratford all have teams playing in this league.

Many thanks
Declan Mellett
Chairman
